And sold in Philadelphia by *E. L. Carey & A. Hart*; in New-York by *G. & C. & H. Carvill*; in Boston by *Carter & Hendee*—in Charleston by *W. H. Berrett*—in New-Orleans by *W. McKean*; by the principal booksellers throughout the Union,

AND IN LONDON, BY JOHN MILLER, ST. JAMES'S STREET.

VOL. V.

(To be continued at intervals of three months.)

OF THE

ENCYCLOPÆDIA AMERICANA:

A

POPULAR DICTIONARY

OF

ARTS, SCIENCES, LITERATURE, HISTORY, AND POLITICS,

BROUGHT DOWN TO THE PRESENT TIME, AND INCLUDING A COPIOUS COLLECTION
OF ORIGINAL ARTICLES IN

AMERICAN BIOGRAPHY:

On the basis of the Seventh Edition of the German

CONVERSATIONS-LEXICON.

EDITED BY DR. FRANCIS LIEBER,

ASSISTED BY EDWARD WIGGLESWORTH, Esq.

To be completed in twelve large volumes, octavo, price to subscribers, bound in cloth, two dollars and a half each.

EACH VOLUME WILL CONTAIN BETWEEN 600 AND 700 PAGES.

THE CONVERSATION LEXICON, of which the seventh edition in twelve volumes has lately been published in Germany, originated about fifteen years since. It was intended to supply a want occasioned by the character of the age, in which the sciences, arts, trades, and the various forms of knowledge and of active life, had become so much extended and diversified, that no individual engaged in business could become well acquainted with all subjects of general interest; while the wide diffusion of information rendered such knowledge essential to the character of an accomplished man. This want, no existing works were adequate to supply. Books treating of particular branches, such as gazetteers, &c. were too confined in character; while voluminous Encyclopædias were too learned, scientific, and cumbrous, being usually elaborate treatises, requiring much study or previous acquaintance with the subject discussed. The conductors of the CONVERSATIONS-LEXICON endeavored to select from every branch of knowledge what was necessary to a well-informed mind, and to give popular views of the more abstruse branches of learning and science; that their readers might not be incommoded, and deprived of pleasure or improvement, by ignorance of facts or expressions used in books or conversation. Such a work must obviously be of great utility to every class of readers. It has been found so much so in Germany, that it is met with everywhere, among the learned, the lawyers, the military, artists, merchants, mechanics, and men of all stations. The reader may judge how well it is adapted to its object, from the circumstance, that though it now consists of twelve volumes, seven editions, comprising about ONE HUNDRED THOUSAND COPIES, have been printed in less than fifteen years. It has been translated into the Swedish, Danish and Dutch languages, and a French translation is now preparing in Paris.

ENCYCLOPÆDIA AMERICANA.

A great advantage of this work is its liberal and impartial character; and there can be no doubt that a book like the *ENCYCLOPÆDIA AMERICANA* will be found peculiarly useful in this country, where the wide diffusion of the blessings of education, and the constant intercourse of all classes, create a great demand for general information.

In the preparation of the work thus far, the Editors have been aided by many gentlemen of distinguished ability; and for the continuation, no efforts shall be spared to secure the aid of all who can, in any way, contribute to render it worthy of patronage.

The American Biography, which is very extensive, will be furnished by Mr. WALSH, who has long paid particular attention to that branch of our literature, and from materials in the collection of which he has been engaged for some years. For obvious reasons, the notices of distinguished Americans will be confined to deceased individuals: the European biography contains notices of all distinguished living characters, as well as those of past times.

The articles on Zoology have been written expressly for the present edition by Dr. JOHN D. GODMAN; those on Chemistry and Mineralogy, by a gentleman deeply versed in those departments of science.

In relation to the Fine Arts, the work will be exceedingly rich. Great attention was given to this in the German work, and the Editors have been anxious to render it, by the necessary additions, as perfect as possible.

To gentlemen of the Bar, the work will be peculiarly valuable, as in cases where legal subjects are treated, an account is given of the provisions of American, English, French, Prussian, Austrian, and Civil Law.

The Publishers believe it will be admitted, that this work is one of the cheapest ever published in this country. They have been desirous to render it worthy of a place in the best libraries, while at the same time they have fixed the price so low as to put it within the reach of all who read.

Those who can, by any honest modes of economy, reserve the sum of two dollars and fifty cents quarterly, from their family expenses, may pay for this work as fast as it is published; and we confidently believe that they will find at the end that they never purchased so much general, practical, useful information at so cheap a rate.—*Journal of Education*.

If the encouragement to the publishers should correspond with the testimony in favor of their enterprise, and the beautiful and faithful style of its execution, the hazard of the undertaking, bold as it was, will be well compensated; and our libraries will be enriched by the most generally useful encyclopedic dictionary that has been offered to the readers of the English language. Full enough for the general scholar, and plain enough for every capacity, it is far more convenient, in every view and form, than its more expensive and ponderous predecessors.—*American Farmer*.

The high reputation of the contributors to this work, will not fail to insure it a favorable reception, and its own merits will do the rest.—*Silliman's Journ.*

The work will be a valuable possession to every family or individual that can afford to purchase it; and we take pleasure, therefore, in extending the knowledge of its merits.—*National Intelligencer*.

The *Encyclopædia Americana* is a prodigious improvement upon all that has gone before it; a thing for our country, as well as the country that gave it birth, to be proud of; an inexhaustible treasury of useful, pleasant and familiar learning on every possible subject, so arranged as to be speedily and safely referred to on emergency, as well as on deliberate inquiry; and better still, adapted to the understanding, and put within the reach of the multitude.

* * * The *Encyclopædia Americana* is a work without which no library worthy of the name can hereafter be made up.—*Yankee*.

The copious information which, if a just idea of the whole may be formed from the first volume, this work affords on American subjects, fully justifies its title of an American Dictionary; while at the same time the extent, variety and felicitous disposition of its topics, make it the most convenient and satisfactory *Encyclopædia* that we have ever seen.—*National Journal*.

If the succeeding volumes shall equal in merit the one before us, we may confidently anticipate for the work a reputation and usefulness which ought to secure for it the most flattering encouragement and patronage.—*Federal Gazette*.

The variety of topics is of course vast, and they are treated in a manner which is at once so full of information and so interesting, that the work, instead of being merely referred to, might be regularly perused with as much pleasure as profit.—*Baltimore American*.

We view it as a publication worthy of the age and of the country, and cannot but believe the discrimination of our countrymen will sustain the publishers, and well reward them for this contribution to American Literature.—*Baltimore Patriot*.

We cannot doubt that the succeeding volumes will equal the first, and we hence warmly recommend the work to the patronage of the public, as being by far the best work of the kind ever offered for sale in this country.—*U. S. Gazette*.

CONTENTS OF No. XIX.

ART.		PAGE.
I.	DR. FRANCIA, THE DICTATOR OF PARAGUAY, -	1
